MISSION STATEMENT1

PUBLIC SAFETY DIRECTOR’S MESSAGE 2

POLICE DIVISION 3

ADMINISTRATIVE DIVISION & EMERGENCY MANAGEMENT 7

FIRE DIVISION..... 9

VOLUNTEER SECTION 11

PERSONNEL CHANGES 14

The mission of the Lino Lakes Public Safety Department is to collaborate with the community to provide:

- a healthy and safe community;
- a focus on prevention;
- a commitment to life safety;
- aggressive pursuit of criminals;
- respectful communication;
- encouragement for volunteerism.

Public Safety Director Message:

The year of 2022 brought many changes to the Lino Lakes Public Safety Department, including implementation of our daytime duty-crew and significant personnel changes throughout the department.

- Team members retired from the positions of Police Sergeant, paid on-call Firefighter, and Administrative Assistant
- Received resignations from 1 Police Sergeant and 2 Police Officers
- Hired 5 Police Officers, 1 Fire Lieutenant / Fire Inspector, 10 part-time Firefighters, 1 paid on-call Firefighter, 1 Records Technician, and 2 part-time Community Service Officers
- Promoted 2 Police Officers to Sergeant, 1 paid on-call Fire Lieutenant to District Chief, 2 paid on-call Firefighters to paid on-call Fire Lieutenant, 1 Record Technician to Administrative Assistant

Our staff did a tremendous job training our new team members and helping them grow into their roles within our department.

In the fall of 2022, we engaged with Proviecta and Health Quotient to develop a long-term organizational focus on employee wellness. We conducted two department-wide training sessions that provided the foundation for individualized wellness initiatives that will start with police personnel in early 2023. As we secure additional funding, we plan to expand the individualized wellness initiative to all Lino Lakes Public Safety Department staff. Our staff is excited about the long-term physical and mental health benefits this focused wellness initiative will bring to our team.

It is an honor to work with the dedicated professionals of the Lino Lakes Public Safety Department while providing services to this great and supportive community. Thank you!

Police Division

The Police Division of the Lino Lakes Public Safety Department experienced another year of growth and positive change. The department was able to increase the number of face-to-face interactions with the Lino Lakes community in their handling of police calls and in their community outreach efforts, compared to the previous couple of years. The patrol division was able to get back into the type of in-person service delivery the officers were accustomed to, and preferred.

The Police Division increased community outreach initiatives and community education seminars in 2022. Some of these included:

- Robbery awareness training to financial institutions
- Scam awareness for seniors
- Personal safety and self-defense for teens
- Teen driver education seminars in partnership with the Centennial Community Education
- Firearm safety training
- Snowmobile safety training
- Coffee with a Cop event at a Lino Lakes high occupancy residential facility
- Partnered with the Lino Lakes Volunteers in Public Safety in their Breakfast with Santa event
- Partnered with staff at The Rookery Activity Center for their Secret Holiday Shop event
- Partnered with Special Olympics Minnesota on a large-scale fundraising initiative
- Partnered with neighboring agencies and school districts for a Heroes and Helpers holiday shopping event
- Partnered with Toys for Joy

The department continued the Pay it Forward initiative in 2022. By the end of 2022, officers had provided \$475 in gift cards to individuals in need throughout various situations in the course of the officers' duties.

As with previous years, staffing within the Police Division changed in 2022. To backfill vacancies, four new officers were hired and successfully completed the department's rigorous police officer training program. Because two of the vacancies were at the sergeant rank, two internal candidates were promoted to patrol sergeant positions, and successfully transitioned to their new roles.

Throughout 2022, the Police Division continued as the primary responders to medical calls for service. Fire Division staff responded to all major medical emergencies, as well as emergencies when police staff were tied up on other priorities. Throughout the year, police

staff responded to 954 calls for medical-related services, an increase of 135 calls over the previous year. The average response time for medical-related calls was 4 minutes, 44 seconds.

The Police Division's canine, Argos, and handler, Officer Wills, continued their service in 2022. Throughout the year, Argos was deployed 22 times. Of those deployments, four were in Lino Lakes and 18 were in other communities. The canine team trained a total of 196 hours in 2022.

The majority of police staff also made great strides in improving personal health and wellness toward the end of 2022. Although it's difficult to quantify the results, this movement toward improved health and wellness will undoubtedly benefit our police staff and increase their effectiveness as police officers, in ways we've just begun to see.

Below are 2021/2022 Group A and Group B Crime and Arrest Data:

NIBRS Description - Group A	2021		2022

2021	2,766	3,027	3,338	3,007	12,138

Investigations

The mission of the Lino Lakes Public Safety Department Investigations Unit is to deliver a high-level of service to our community and to provide justice for victims by conducting thorough and efficient criminal investigations and through compassionate communication with victims.

In 2022, the investigations team consisted of three investigators, an investigative assistant, and a sergeant. The investigations team worked towards the mission by performing investigations into a variety of crimes against people and property. Crimes against people included: assault, criminal sexual assault, violation of protection orders, neglect of vulnerable adults, and child endangerment. Property crimes included: fraud, damage to property, arson, burglary, motor vehicle theft, and retail theft, just to name a few. We investigated a total of 307 criminal cases and referrals from child and adult protection agencies, 90 of which were submitted for charging consideration.

The investigations team also conducted background investigations, processed data and discovery requests, managed property and evidence, and handled civil forfeitures. The team completed 167 data discovery requests and conducted 225 background investigations for city permits and employment purposes.

In addition to their regular duties as investigators, team members regularly assisted the patrol unit by responding to complex and resource demanding calls, instructing multiple department-wide use-of-force and firearms training sessions, and helped to prepare multiple new officers who joined the department in 2022 for patrol duties.

Administrative Division and Emergency Management

The Lino Lakes Public Safety Department continued to make providing the highest quality training for our public safety personnel a priority in 2022. Our team stays up to date on industry best standards, current case law, and all state and federal mandated training requirements. We continued our partnership with Century College through a multi-jurisdictional continuing education program, as well as utilizing online training resources, local public safety training programs, and national consultants. Our teams continued to train on mental health awareness, de-escalation techniques, autism awareness, implicit bias, and conflict resolution so that we may continue to serve our communities with the highest regard.

Our Fire Division received training twice a month through the public safety training firm, Fire Inc. Our teams trained on a variety of topics that included fire suppression techniques, search and rescue, fire scene safety and security, emergency vehicle operations, CPR, emergency medical care, and vehicle extrication techniques. Beyond the partnership with Fire Inc., each station held additional training once-per-month on station specific topics and team building exercises.

Collaboratively, our public safety teams used online training programs to receive continuing education training on hazardous materials, employee right to know training, OSHA requirements, and legal training updates on the department's policy and procedural manual.

Our Lino Lakes Public Safety Records Unit continued to provide a high level of customer service and efficiency in 2022. The Lino Lakes Public Safety Records Unit staffs the front service window at the Lino Lakes Public Safety Department and provides phone support for citizens Monday – Friday. In addition to helping connect citizens to public safety services, our records unit achieved the following:

- Processed 6,877 police reports and supplemental reports
- Filed 189 citations
- Processed 204 permits to purchase firearms
- Processed 153 City dog licenses
- Completed 240 local records checks
- Processed 575 criminal history queries
- Processed 24 burn permit applications

Fire Division

The fire response model in Lino Lakes had significant changes in 2022. The number of cross trained Police Officer/Firefighters in the Lino Lakes Public Safety Department decreased. In order to meet the demand for fire service, we added part-time firefighters who serve Monday through Friday, 6:00 AM to 6:00 PM. These part-time roles went into effect in May of 2022. By staffing part-time firefighters at the fire stations, we have greatly reduced response times of calls for service. Now that part-time firefighters are automatically being sent on serious medical calls, the number of EMS calls the Fire Division responded to increased.

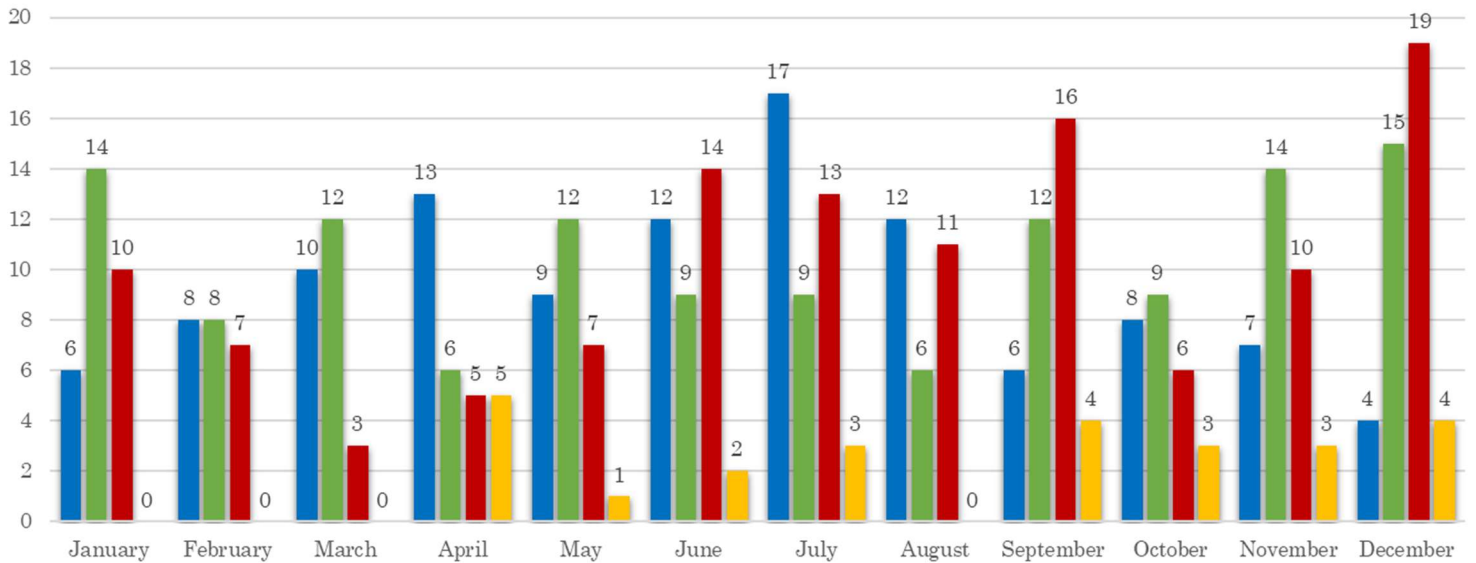

The Fire Division responded to 585 calls for service in 2022, compared to 399 in 2021. The majority of the increased calls were for EMS Assist calls. The Fire Division responded to 140 EMS Assist calls in 2022 (NFPA 311), compared to 43 EMS Assist (NFPA 311) in 2021. The Fire Division responded to 36 calls for service involving fire (NFPA 100). These calls resulted in \$1,487,543.00 in property damage/loss in 2022. Through fire suppression efforts, there was \$5,560,915.00 worth of property saved in 2022.

The following figures compare the breakdown of calls for service in 2021 and 2022. The Lino Lakes Public Safety Department responded to 28 calls for service. This was a decrease from 78 calls for service handled in 2021. Fire Station 1, 7741 Lake Dr., had 164 calls for service. Fire Station 2, 1710 Birch Street, had 107 calls for service, and our duty officer responded to 76 calls for service in 2022. This was an increase from the 41 calls for service in 2021. The duty officer calls are usually non-emergency calls. Part-time Firefighters responded to 210 of the 585 calls in 2022.

Lino Lakes Public Safety Calls by Month and Station 2021

Lino Lakes Public Safety Calls by Month and Station 2022

Volunteer Section

RESERVES – In 2022, the Lino Lakes Public Safety Department Reserve Unit was comprised of 4 volunteer reserve officers. Two new members were added at the end of the year. These reserve officers supported the functions of the Lino Lakes Public Safety Department in multiple areas. The Police Reserves participated in community events, provided traffic and pedestrian safety, provided uniformed patrol in marked patrol cars, and conducted home and business checks. They also assisted sworn officers with community education, training events, prisoner transports, and select calls for service. Their involvement and participation with the department are all in an effort to help fulfill the mission of the department by providing a healthy and safe community, focusing on prevention, promoting life safety, aggressively pursuing criminals, encouraging volunteerism and continuing to enhance and strengthen the department's community oriented policing philosophy.

Activity 2022	Hours YTD
Meetings	200.5
Patrol	294.25
Ride Along	7
Special Events	295.25
Training	40
Office Assistance	5
Field Training	35.75

In 2022, the Lino Lakes Public Safety Department reserve officers were trained by public safety staff and the reserve unit command staff in vehicle operations, use-of-force, officer safety, taser, first aid, traffic direction, domestic violence / identification and resources, patrol tactics, public relations, radio operations, officer wellness, report writing, and officer assists.

Reserve officers handled 10 transports, assisted officers on 48 calls and handled 21 ordinance/public assist calls for service and provided nearly 300 hours of neighborhood patrol. This assistance enabled sworn officers to remain in Lino Lakes, available to patrol the city and to respond to calls for service. Throughout 2022, the Lino Lakes Public Safety Department reserve officers donated nearly 900 hours of service to our community.

CHAPLAIN PROGRAM - The Lino Lakes Public Safety Department established its Chaplain Program in 2003 and since this date, dedicated chaplains have served Lino Lakes community members who were experiencing tragedy. A chaplain is often called to some of the most difficult types of calls including: death scenes, medical emergencies, and making death notifications. Chaplains are able to provide a reassuring presence at scenes that are often filled with grief and uncertainty. Chaplains are on call 24-hours a day, every day of the year and give selflessly of their time and energy. A chaplain's duties extend beyond helping community members facing tragedy, but also to the police officers and firefighters who are serving the community. The Chaplain Program reinforces the importance of receiving support during difficult times, but also building relationships founded on care, respect and trust. Chaplains regularly connect with staff during ride-alongs and one-on-one meetings to build relationships and provide support. Chaplains also attend department roll call meetings, department functions, and community events. Our current chaplain, Wes Pederson, is from Eagle Brook Church and joined our team in 2016. Chaplain Pederson volunteered nearly

Chaplain Pederson

100 hours supporting the community in 2022. Chaplain Pederson has been a tremendous asset to the department, community and all of the people he impacts through his service.

CERT - The Lino Lakes Community Emergency Response Team (CERT) started in April 2008 with 25 citizens who received training to help their community in times of need. There have been additional training classes offered since 2008 and the program currently has around 29 members. The idea of a community emergency response team was developed and implemented by the Los Angeles Fire Department in 1985, with the purpose of having trained citizens respond during disaster situations.

In order to become a CERT member, a person must successfully complete a training program that covers topics such as disaster preparedness, fire safety, disaster medical operations, light search and rescue, CERT organization, disaster psychology, and terrorism & CERT. During the last week of training, the members participate in a final scenario where they use their newly learned skills to rescue role-players during a simulated disaster situation.

CERT members have been activated in order to assist police and fire personnel to search for evidence and missing persons as well as participating in community events such as Breakfast with Santa, Blue Heron Days, and other community events.

CERT members are offered training opportunities as they become available and most members have been trained to be severe storm spotters through Metro SKYWARN.

EXPLORERS – The Lino Lakes Public Safety Department Explorer Program is sponsored by local law enforcement agencies to provide career information to students between the ages of 14 and 20. It also provides the structure and resources needed for young adults to make ethical choices and to achieve their full potential as individuals. The program also allows explorers to engage in volunteer opportunities and build positive relationships with the community.

The explorer program is a great way for the Lino Lakes Public Safety Department to build and foster positive relationships with the youth of our community. Students learn first-hand the duties and responsibilities of police officers, by bringing interested youth and police officers together on a weekly basis. Explorers attend weekly trainings throughout the year. During these trainings, explorers are under the guidance and teachings of officers within the

Lino Lakes Police Department. Officers teach the fundamentals of responding to a variety of calls as a police officer. The explorers are taught in a classroom lecture setting then placed in built up scenarios. Explorers practice arrest and search, bomb scene, burglary, crime prevention, domestics, DWI scenario, first aid, handcuffing, hostage negotiation, interview and interrogation, searching suspects, street decisions, traffic accidents, traffic stops, and white collar crime. With this experience explorers are able to increase their knowledge of what a career of law enforcement entails and it helps prepare the explorer to continue down that career path.

In February of 2022, four explorers participated in a cluster training in Washington County to prepare themselves for the Annual Minnesota Police Explorer Conference held in Rochester. In April of 2022, four explorers went through a mini state training at the Hero Center in Cottage Grove to prepare for the state competition in Rochester and participated in the Annual Minnesota Police Explorer Conference.

These conferences provide the explorers with opportunities to meet with their peers and be exposed to law enforcement agencies at the state and federal level. They also have the opportunity to receive college scholarships through their participation in the organization.

Along with attending the explorer conferences, our explorers take pride in volunteering at events throughout the community. In 2022, our explorers volunteered their time for the Special Olympics Polar Plunge, our Annual Guns and Hoses fundraising event, Blaine's Festival Parade, 3M Golf Tournament, Night to Unite, Blue Heron Days, Lino Lakes Volunteer Open House, The Fall Family Expo, Anoka Halloween Parade, and Lino Lakes Breakfast with Santa. Our explorers totaled 919.25 volunteer hours this year.

The explorer program is a beneficial program for our department to connect and build relations with the youth in our community. While building relationships with our youth, we are teaching them skills that help them become more confident and engaging members of our community.

TRAIL WATCH – The Lino Lakes Public Safety Department Trail Watch Program consists of a group of 26 volunteers that report incidents observed in our city parks and on our trails to members of the Lino Lakes Public Safety Department. Volunteers share information about current issues that need monitoring, and keep an eye on the areas of the city that they frequently visit. Trail watch volunteers report suspicious activity, ordinance violations, and potential safety hazards.

During 2022, the trail watch team completed 505 hours of patrol. During their patrols, observations were made that resulted in 5 safety/maintenance requests, 4 reports pertaining to animal issues, 4 reports of theft from motor vehicle incidents, 3 littering complaints, 2

reports of after-hours activity in parks, and a snowmobile use violation. The trail watch volunteers provide a great service to our city by assisting our staff in making sure all the parks and trails are safe for our community to use.

Personnel Changes

New Staff

Brian Kisch, POC Firefighter, January 16
